## LUMBER ARRIVES FOR THE WEST END

A carload of lumber for the West End company arrived this morning for delivery at the site of the old No. 1 shaft on Central street where the company is erecting its new office. Workmen will probably begin this afternoon laying the sills and the company expects to occupy the new premises not later than five or six weeks. The stone fireproof vault is about three-fourths complete. The selection of the site was governed by the fact that the company had already a magnificent cement foundation, which was formerly used for the hoist, and furthermore that the old shaft is about midway between the mine workings and the mill, so that all employees would be accommodated. Otherwise the site would be at the No. 2 shaft on Brougher avenue where the work of the company would be centralized.

## TONOPAH DIVIDE INSTALLS PLANT

The Tonopah Divide Mining company shut down last evening and will remain closed until the new plant of machinery is installed. This is the latest part of the equipment to be changed over from gasoline to electricity and when the compressor of the Ingersoll-Rand type is in place the company will have one of the most perfect outfits in the county.

## FRED FULTON GOES INTO HARVEST FIELD

(By Associated Press) MINNEAPOLIS, Minn., Sept. 5.—Fred Fulton, Rochester, Minn., pugilist, who lost a 25 second battle to Jack Dempsey, has obtained another job. After the Dempsey fight, Fulton accepted a position with a local milling company and shoveled wheat for a couple of weeks. Then he resigned and went to Roberts, Wis., to join a threshing crew. His manager, Mike Collins, is manager of the crew.

I loan you a watch to carry while repair your own. I am the finest watchmaker who ever came to Tonopah. Emilie Morsan at Robert's Grocery store.

## FIVE MORE BOYS LEAVE FOR CAMP

Five recruits, representing Nye county's last quota of Liberty Lads, went out this morning to the usual accompaniment of cheers, words of encouragement and a noisy concert of mine sirens. The parade was one of the best seen here during the past few months, the Red Cross and Elks showing strongly in the line of march. The scouts were there and so was Ed Harner, the G. A. R. veteran, to lead the way. Incidentally, Ed, says somebody overlooked him on election day when they called out the colors and escort and never said a word to him. Anyway he was busy as an election officer and could not have left his post, although he says he would sooner have furnished a substitute rather than miss the departure of a single recruit. The boys were supplied with the usual comfort kits and after Harry Atkinson spoke a few words, the scouts took up a collection to defray traveling expenses that do not come within scope of the government allowance. The recruits were Johnnie Meaglin and Yee Wing, of Tonopah; Carroll Francis Humphrey, of Manhattan, and Kenneth Hays Ishmael, of Ash Meadows, destined for Camp Lewis at Washington Lake.

Stephen M. Johns was with the recruits as far as Hazen where he took an east bound train with Fort Leavenworth for his destination. The boy's departure brought out a large attendance of Elks for whom he had acted as baseball manager ever since he came to camp from Goldfield and has been blessed with the best boosters the town ever had. Harry Atkinson delivered a few remarks dwelling on the achievements of the boys who have gone over there and wishing the latest and youngest representatives of the camp a quick journey and safe return. Johns and Humphrey are the fifth and sixth, respectively, to leave for service, after having reached the stage of proficiency required by the signal corps of the army, in the radio buzzer class conducted by the council of defense under the jurisdiction of the war training department of the federal board for vocational education. There are at present ten members of the class, four of whom can pass examination when called.

## SALVATION ARMY WAR FUND DRIVE

Arthur H. Keenan, past exalted ruler, Tonopah lodge No. 1052, B. P. O. E., left this morning by auto for Reno where he goes to attend a conference of the order in connection with the Salvation Army drive to be inaugurated throughout the United States this month. It is estimated that the per capita allotment of the various states will be 10 cents, but Nevada is only asked to contribute \$9000. The work of the Salvation Army differs from that of the Y. M. C. A. or Knights of Columbus and has the hearty approval of both these orders. The lads and lassies of the army are right up to the front line trenches dispensing doughnuts, chocolate and other home delicacies to the boys who are deprived of their billet rations through the exigencies of war.

Anthony Jurich, the attorney of Ely, is delegate from White Pine county.

## TONOPAH MAN SHOT THROUGH THE LUNG

Fred Wilson, former garbage contractor in Tonopah and later managing Fraser Wells resort, has received word that his brother, Louis Wilson, was shot through the lungs and sustained injuries to one leg in action. The wounded man went from Butte, Mont., and was in the same regiment with James Harrington, who was killed in action. A coincidence is that the father of Harrington is employed by the Louisiana Con. Mining company at Tybo, where Fred Wilson also works running a truck. No particulars were contained in the message from the war office and Mr. Wilson is of the opinion that the injuries are not necessarily fatal. The injured man drove a wagon in Tonopah about four years ago before he moved to Butte.

MINNESOTA FOOTBALL SQUAD (By Associated Press) ST. PAUL, Minn., Sept. 5.—Ernest Johnson, former member of the Macalester college football eleven, will have charge of athletics at that institution this fall. Johnson will coach the football squad and be in charge of other athletic departments. In 1909, 1910 and 1911, Johnson played on the Macalester team and was considered one of the best line men of the state.

## BULLION SHIPMENTS BY TWO LOCAL MINES

Bullion shipments for the latter half of August were reported today as follows: The West End, 27 bars, weighing 51,277 ounces, worth approximately \$3,532, and the Tonopah Extension, 28 bars, weighing 57,100 ounces, valued around \$63,400.

## BUSINESS HALTS NEXT THURSDAY FOR NEW DRAFT

All business will cease in Tonopah on Thursday, September 12, when those eligible for military service in the third draft will be called on to register with the local exemption board. Preparations have been completed and the county clerk's office is stacked high with blanks and forms to be used in the questionnaire, a taxi load having arrived last week. The council of defense has arranged to keep the subject uppermost in the minds of the people by having mine whistles blown for ten minutes every hour with music at all hours of the day during which the band will parade the streets. Some of the most magnetic of the four-minute talkers will be on hand to deliver addresses and otherwise stir up some excitement.

L. E. Glass, clerk of the board, expects to register 1200 names this time compared with 875 registered in the county on the first call for conscripts.

## ENGLISH MUST BE SPOKEN IN PUBLIC

Beginning this evening nothing but English may be spoken in public places. An order to this effect was promulgated some time ago but it was left in abeyance until further advice from the national council of defense which now has ordered enforcement of the decree. Cards to this effect were distributed this afternoon and every saloonkeeper notified that he would be held responsible for enforcement. Robert Lewers, the chairman of this division in Nevada, writes from Reno that he is going to establish a class for illiterates in every town in the state so there will not be any reason for speaking a foreign language in public.

## SUBSTITUTE FOR CORK FOUND IN PINERIES

(By Associated Press) WASHINGTON, Sept. 5.—Pine cork is being used in Sweden because of the shortage of the true cork. Samples of the substitute have been sent to the bureau of foreign and domestic commerce by Axel Osholm, trade commissioner, who is investigating the lumber markets of Finland and Scandinavia.

## ST. LOUIS FOOTBALL FANS PLEASED WITH PROSPECTS

(By Associated Press) ST. LOUIS, Mo., Sept. 4.—Football prospects at Washington university are on the boom as the result of the announcement that Elmer Simpson, Wisconsin's most versatile athlete, will enter the university medical department this fall.

Simpson was a star of the University of Wisconsin eleven for three years, playing quarterback. He was selected as the all-western quarter in 1917. In addition he was captain of the 1918 baseball player and a capable sprinter. He finished his athletic career at Wisconsin, as under the "Big Ten" rules his three years of collegiate football has expired.

## GERMANS GROW TOBACCO

(By Associated Press) NEW YORK, Sept. 5.—Because of the dearth and high price of tobacco in Germany the inhabitants of large cities have begun to grow their own tobacco says Berlin Tageblatt.

## TWO NYE COUNTY PRECINCTS REPORT

The county commissioners were in session this morning but did not take notice of the ballot boxes which had arrived as the law directs that they be opened in ten days after election. Boxes from Grantsville, Lone Bruners and Berlin were received but in no case was there an official ballot on the outside of the box. The following returns came in by phone from Beatty and Rhyolite:

Beatty: Rhyolite.	
Lamb	4
Roberts	8
Kearney	0
Oddie	12
Davis	8
Putney	4
Bartine	2
Evans	6
Flach	6
Boyle	9
Luce	4
Pickett	1
Thatcher	0
Cole	4
Wildes	10
Deady	5
Dunn	7
Fowler	6
McKnight	7
Douglas	5
Wittenberg	9
Barrier	9
Slavin	5

## NEW STAFF CHIEF FOR GERMAN NAVY

(By Associated Press) AMSTERDAM (Wednesday), Sept. 4.—Captain Venlevetow, who was appointed chief of the naval staff at the German main headquarters, according to the German newspapers, has been granted greatly extended powers. He commanded the light naval forces best known for its operations against Oesel Island.

Oldest Living Woman. In the city of Posen, in the German province of the same name, the oldest woman in the world is about to enter upon her one hundred thirty-fourth year of her life, unless death has overtaken her since the receipt of the latest news from that part of Europe. She is Frau Gretchen Dutkiewitz, and she has spent practically all her life in Posen. She was a young woman when Napoleon and his legions swept like a conflagration over Europe, and has lived to see a similar catastrophe engulf almost the entire civilized world. Frederick the Great was still alive when Frau Dutkiewitz was born, and only a few years before Voltaire had gone to his rest. The German empire of today was then an aggregation of petty, warring states, and the American Union had just been born out of the travail of revolution. These centuries—the eighteenth, the nineteenth and the twentieth—this woman has seen, and within the compass of her lifetime a new civilization has sprung up in Europe and America, a civilization now in the balance, and threatened by the land which gave her birth.—New York World.

Fearless Cooks. M. Paul Braults, editor of the Bulletin des Armees de la Republique, who recently returned to Paris from a visit to the British front, is a man of discernment. The day after he had witnessed a battle, seeing it all "from the artillery preparation up to the wave of assault," he was asked, at the general's table, what had impressed him most. He promptly replied: "The kitchens of the Royal Dublin Fusiliers. Amongst all those soldiers," he added, "who rivaled each other in courage, those who seemed to me the finest were the cooks, who, unarmed, under the shell fire, polished up their pots and pans as if their kitchen on wheels were appearing in a review." Anyone might have noticed it, of course; but then most people, in all probability, would not.

Hence His Will. "Why so unhappy, my man?" "I've just been caught embezzling funds of the company." "Well, cheer up. Now that you have confessed perhaps they won't prosecute you." "Oh, it isn't that. I've paid back the money and they've agreed not to send me to jail." "Then why so dismal now?" "They won't let me keep my job, too, and it was such a soft snap."—Reno-Sunday Herald.

Women Pay on the Dot. The purchasing power of the British Isles has passed into the hands of women to an unprecedented extent as a result of the European war. One result of this change in conditions, landlords say, is that they are receiving their rent more regularly.

## ALLIES ARE SAFE OUT OF RUSSIA

(By Associated Press) WASHINGTON, Sept. 6.—American consuls, members of the allied missions, and civilian refugees have reached Finland from Russia. They should have arrived at Haparanda yesterday, according to advices from Consul Haynes at Helsingfors.

## WOMAN'S CLUBHOUSE FOR CAMP LEWIS

(By Associated Press) CAMP LEWIS, Tacoma, Wash., Sept. 5.—A two-story clubhouse for the women and girl workers of Camp Lewis has been just completed in Greene Park, the amusement zone for soldiers here, by the Y. M. C. A. Mrs. Thomas Boyd, wife of a soldier now in France, is in charge of the building.

The club house is not for the public but merely for the women and girls employed in the camp who now total about 300. Particularly is it intended for the nurses at the base hospital. On Sunday evening the women will be allowed to entertain their men friends at supper in the cafeteria of the club.

A scale of prices established sets the sleeping rooms at \$15 a month, shower baths 5 cents and electric irons for 10 cents an hour. The building cost \$10,000 to erect, most of this being supplied by individual gifts.

NOTICE, KNIGHTS OF COLUMBUS All Knights are urged to attend meeting Thursday night, September 6. Nomination and election of officers. J. H. TROY, G. K. adv-412

The Specialty Shop announces its fall opening Friday and Saturday, Sept. 6th and 7th. Ladies invited to attend. adv-412

## AMUSEMENTS

CLARA KIMBALL YOUNG

"The Reason Why," Clara Kimball Young's latest picture, is destined to go down in film history as one of the most exquisitely and extravagantly costumed pictures ever produced. "The Reason Why" is the most popular of Eleanor Glynn's novels. The gayest European society forms a vivid background for the action of the story, and the characters are tinged with adventure and high romance. Zara, the heroine, is an admirable role for Clara Kimball Young, who's fame as a screen actress of the highest merit rests on her characterizations of women buffeted by the storms of fate before they can reach their harbors of peace and love. It is because of her intimate acquaintance with notables of London society, that Mrs. Glynn's stories have the breath of life in them, and the character seems to stand out in the flesh. Her stories hold the mirror up to nature and reflect most vividly the manners and customs of the European smart set. Clara Kimball Young, always noted for her sumptuous wardrobe, wears nineteen Lucile creations in "The Reason Why." With this feature will be shown a Bray cartoon picture. Tomorrow, Mary Pickford.

POST OFFICE APPOINTMENT

Miss Loretta Walsh has been appointed substitute clerk in the local post office to fill the vacancy created by the absence of Mrs. Huddgens, who is recuperating on the coast. Miss Walsh stood at the head of the list of the civil service examination.
